

Just a short note to let you know how impressive your product is. I purchased a 5 litre container of evapo-rust and used it on a set of brake rotors that had a reasonable amount of rust. The result was superb with the rust disappearing completely after about 2-3hrs. soaking in the product. I was somewhat skeptical but thought it was worth a try. It is an amazing product and I'm surprised it isn't more widely known about and available in hardware stores and car specialist shops. I will certainly be recommended the product to friends and no doubt I will be using it again in the future.

Cheers,

Brendan Leane (Melbourne)
